The A-trial will be judged according to the Danish Retriever Club's official A-Trial rules.

Important regarding parking:

- Follow the NCFCR beach flags to the parking lot.
- Room for parking is scarce, so please consider driving more than one person in a car, where this is possible.

Important information for all participating in the A-trial:

Should you and your dog be so unfortunate as to be judged out of the competition prematurely, you are expected to help picking up the birds which are not part of the A-trial.

All participants are expected to bring the proper equipment (for example a Totenslager) to kill off any bird, which is not dead when delivered to you. You are expected to put the bird out of its misery respectfully and efficiently.

The shoot is a smaller size shoot, where the guns expect to shoot primarily pheasants and ducks. Please be advised that any kind of bird which is within the law to hunt, may be shot during the shoot, if the opportunity presents itself.

We are guests at this shoot, and we rely on you all to act accordingly throughout the day. The shoot is not arranged for our benefit. We have been given the possibility to have the Championship A-trial on the shoot provided we help ensure that, at the end of the day, all birds shot also has been picked up.

We wish you all the best of luck! May the best dog win the day!
